

# Employee Onboarding

Provide the smoothest onboarding process in your industry.

According to Glassdoor, organizations with a strong onboarding process improve new hire retention by 82% and productivity by over 70%.

A strong onboarding solution connects new hires with what they need to succeed before day one, engaging them immediately and creating a positive experience.

- Proliant's onboarding solution provides self-service tools and an intuitive user interface to help make the onboarding process an easy and enjoyable experience for your new employees.

## How does Proliant's solution enhance the onboarding process?

### Efficiently Manage Employee Data

Manage all onboarding documents electronically in one central location. Employee information is instantly added from the applicant tracking system, eliminating manual entry and duplications.

### Ensure IRS Compliance

The system guides new hires through employment paperwork and ensures the correct tax forms are filled out. With E-Verify integration, you can be sure forms are filled correctly.

### Get the Tax Credits You Deserve

Our solution collects all of the information needed for the Work Opportunity Tax Credit (WOTC) during the electronic onboarding process.
