Learning Management System

Prepare employees for the future with learning and development

Over 40% of employees prefer employers that provide opportunities for further development and growth.

A well-trained workforce makes your business more productive, competitive, and profitable. So make learning and career development easy, accessible, and rewarding.

The screenshot displays the ProLiant Learning Management System interface for Links International Academy. The interface is titled "Links International Academy" and includes a navigation menu on the left with options like Administration, Employees, Online Training, Classroom, Virtual Classrooms, Onboarding, Credits, Skills Management, Goals Management, Performance Reviews, Gamification, Automated Rules, Notifications, and Polls. The main content area is titled "Academy control panel" and features an "Employees Dashboard" with tabs for "Training" and "Goals". Below these are several icons for "Employees", "Courses", "On the Job Training", "Curricula", "Exams", and "Complete". There are also search filters for "Choose Type", "Choose Above Unit", "Choose Unit", and "Choose Job". A search bar is present with a "Search by name, course" input and "From:" and "To:" date pickers. The dashboard summary shows 59 Employees, 31:47:37 Total Time, 5 Average Courses, and 33% Average Completion Rate. A table below the summary has columns for Name, Total Time, Total Courses, Completions, and Completion Rate.

- ProLiant's Learning Management System can help your employees "up" their skills, grow on the job, and get more done—and you can measure the impact of all their awesome accomplishments.

What tools does ProLiant offer to prepare employees for the future?

Personalized learning across modalities

Create personalized, skills-aligned courses combining video learning, live and virtual instructor-led training, on-the-job training, assessments, polls, coaching, and more.

Curated content from many sources

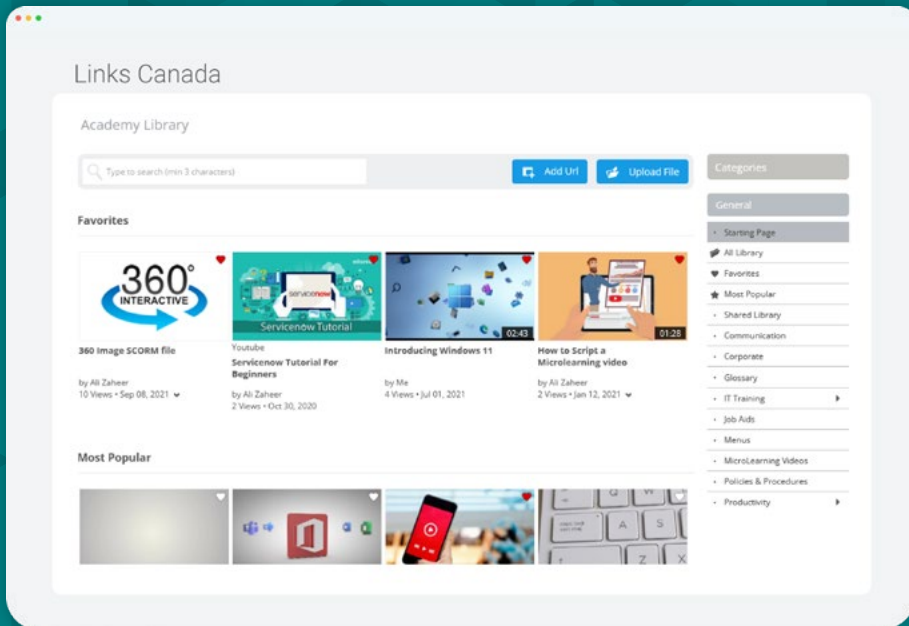

Bring your own content, crowdsource content from high-quality web resources, or purchase off-the-shelf content from our network of industry-leading content providers.

Engaging and social learning experiences

Foster communication, collaboration, and social learning through groups, discussion boards, and gamification for the whole business or between smaller subsets of your org structure.

Career discovery and closing skills gaps

Empower employees to follow a learning path for the next step in their career and see what skills they need to improve for current or future roles.
