Proliant

# TOP FOUR WAYS PROLIANT HELPS RESTAURANTS

About Proliant

Proliant delivers fully integrated, cloud-based solutions that streamline payroll and HR processes, improve accuracy, and ensure full industry compliance for over 750 restaurant locations.

Our integrations combined with our solutions and customer service have helped restaurants improve processes, increase recruitment and retention, and provide an overall better experience for their employees.

Let's take a look at some of the most widely used solutions that have proven to help restaurants around the globe.

1 ### Earned Wage Access

With over 60% of Americans living paycheck to paycheck, our earned wage access solution, ReadyPay Today, ensures employees have daily access to their earned wages - whenever, wherever. ReadyPay Today integrates seamlessly with our flagship payroll solution, ReadyPay Online, and comes with no deductions or enrollment fees for employers or the employees.

2 ### Integrations

Proliant's tools integrate with a wide range of leading restaurant business systems and technologies so you can do more for your business. Extend your capabilities by consolidating internal business processes, reducing manual administration, and connecting your organization's HR data across multiple systems.

3 ### Applicant Tracking & Recruitment

Proliant's solution reduces the time-to-hire and helps create and organize a workforce of talent by utilizing an effective, user-friendly applicant tracking system. Expand your applicant pool, customize applications, monitor application progress, and more with Proliant's applicant tracking & recruitment solution.

4 ### Onboarding

According to Glassdoor, organizations with a strong onboarding process improve new hire retention by 82% and productivity by over 70%. Proliant's onboarding solution provides new hires with self-service tools to help make the onboarding process an easy and enjoyable experience, allowing them to succeed from day one.
