ProLiant + McHire

Applicant Tracking System   **Direction:** 360°   **Method:** API

Optimize Your Hiring Process

The integration between McHire and ProLiant streamlines new applicant data directly into E-hire, reducing manual entry and ensuring accuracy. An Applicant Tracking System (ATS) improves the hiring process, candidate experience, data centralization, and compliance, benefiting HR and front-line managers by enhancing recruitment efficiency.

2-Way Integration

Send Essential Data Between ProLiant and McHire

We integrate with ATS platforms to streamline hiring by automatically transferring critical applicant and new hire data, reducing manual entry and improving recruitment efficiency.

- Candidate profiles and applications
- Interview and hiring statuses
- New hire onboarding details
- Compliance and EEO data

Request a meeting to explore how our integrations can optimize your workflow.
