

ProLiant + Merge

Data Connector

Direction: 360°

Method: API

Organize Employee Data and Improve Efficiency

The integration between Merge and ProLiant gathers, processes, and syncs employee-related data across multiple HR platforms, improving efficiency and reducing manual work. This powerful integration helps HR teams automate data collection, ensuring accurate and up-to-date employee information is available for payroll, benefits, compliance, and analytics.

Send Essential Data Between ProLiant and Merge

Our system gathers and synchronizes essential workforce data, ensuring accuracy in payroll, compliance reporting, and overall decision-making for HR and finance teams.

- Employee demographic and job details
- Payroll and compensation data
- Time and attendance records
- Compliance and audit reports
