

ProLiant + Wizardline

Data Connector

Direction: 360°

Method: API

Improved Reporting and Automation for Franchises

The integration of Wizardline and ProLiant streamlines critical applications, enhancing daily operations and helping franchise businesses stay competitive. This powerful integration reduces the workload for both in-store and office teams, saves valuable resources, and significantly minimizes manual errors in accounting and human resources.

Send Essential Data Between ProLiant and Merge

We integrate with Wizardline to automate payroll and allow easy access to critical applications your franchises can use to improve store and franchise operations.

- Simplified weekly closeouts
- Automated payroll and other services
- Pay card options for employees
- Easy applicant tracking
