ReadyPay Today

Give your employees the most flexible early pay solution.

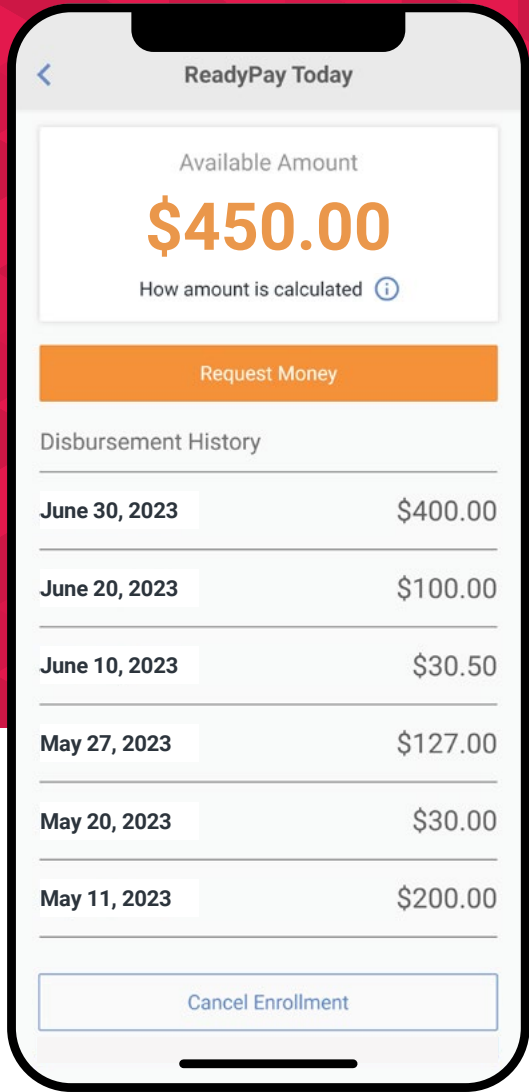

Did you know that companies offering a daily pay solution decrease turnover by 40% and increase recruitment by 30%?

This is because daily pay provides financial security and peace of mind for employees living paycheck to paycheck.

- ProLiant's ReadyPay Today is the most versatile and customizable daily pay solution, providing peace of mind to employees and employers.

What sets ReadyPay Today apart from other daily pay solutions?

Compliance

Give your employees early access to earned wages, and advances show up on pay stubs, mirroring a traditional advance.

Card Options

There are many card options—On-Demand Pay doesn't make you use a proprietary card for payouts.

Customization

Make daily pay perks voluntary or mandatory. Fees can be paid by you or your employees. Set daily payment thresholds on daily payments to manage your cash flow. Manage tip and mileage payouts.
