

ProLiant®

HR & Benefits Administration

Enroll and manage benefit elections easily and efficiently.

According to a report by LinkedIn, companies rated highly on compensation and benefits saw almost 60% lower attrition.

It's more important than ever to provide great benefits for your employees and make enrollment easy to navigate.

- ProLiant's HR and Benefits Administration tool streamlines your enrollment processes and ensures your employees are well informed about their options so they can confidently make benefit decisions.

How does ProLiant help with benefits management?

Secure Data Sharing

Send your enrollment data to multiple insurance carriers seamlessly, securely, and accurately.

Centralized Data

Centralize benefits data by securely archiving all HR and employee documents in a single location.

Activity Reports and Insights

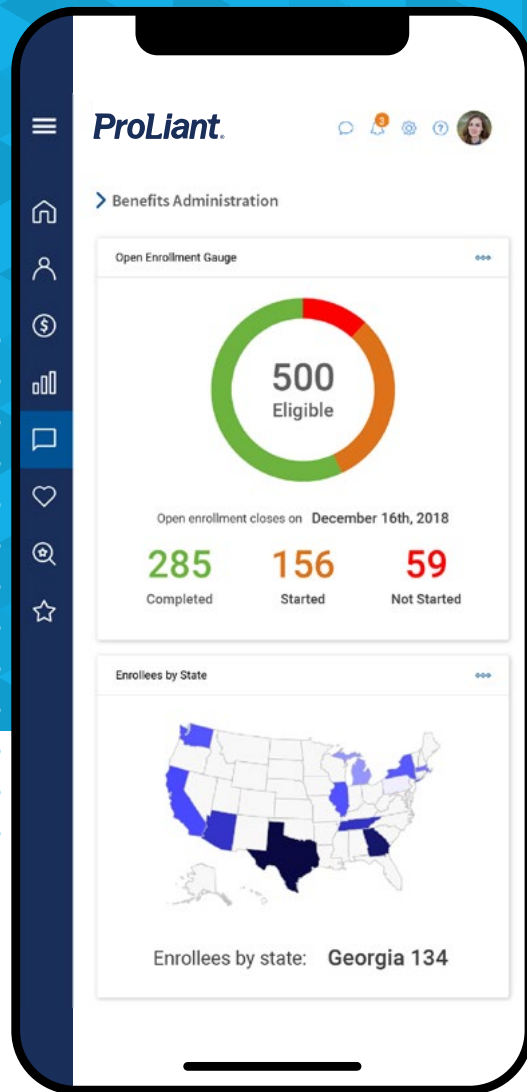

Compile and view a variety of activity reports for insight into employee data.

Enrollment Alerts

Alert employees to complete enrollment and monitoring their status.

ACA Assistance

We generate and file 1094-C and 1095-C ACA forms for you and provide ACA expertise.
